Queen’s Office of Research and Development invites you to a monthly conference:

TRANSLATIONAL RESEARCH

Matthew Koenig, M.D.
Associate Medical Director of Neurocritical Care, The Queen's Medical Center
Assistant Professor of Medicine, University of Hawaii John A. Burns School of Medicine

“Functional MRI Markers of Coma Emergence in Cardiac Arrest Survivors”

Monday, April 14, 2014
12:00 pm – 1:00 pm
QCC #201

Session Chair:
Andrea Fleig, PhD–Director, Research and Development, QMC

Educational Objectives:
At the end of this educational activity, participants will be able to:
1) Review the mechanisms of coma after global anoxic brain injury in cardiac arrest survivors
2) Review the contemporary management and prognostication after cardiac arrest
3) Review the utility of functional MRI in examining brain networks
4) Examine the utility of functional MRI as a marker of neurological recovery in comatose cardiac arrest survivors

The Queen’s Medical Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Queen’s Medical Center designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
